State-Added 6: Depression and Help Seeking (land and cell)
(This is the same module as RI7 in 2011)

//ask of all/
Now, I am going to ask you some questions about your mood. When answering these questions, please think about how many days each of the following has occurred in the past 2 weeks.

RI6_1. Over the last 2 weeks, how many days have you had little interest or pleasure in doing things?

| _____ | 01–14 days |
| _____ | None       |
| 7 7   | Don’t know / Not sure |
| 9 9   | Refused    |

RI6_2. Over the last 2 weeks, how many days have you felt down, depressed or hopeless?

| _____ | 01–14 days |
| _____ | None       |
| 7 7   | Don’t know / Not sure |
| 9 9   | Refused    |

Score responses to Qs 1 and 2 as follows:

The number of days for each question is converted to points --

| 88 (None) or 1 day | = 0 points |
| 02 - 06 days       | = 1        |
| 07 - 11 days       | = 2        |
| 12 - 14 days       | = 3        |

Total the number of points for the two questions.

If data for either of the two questions are missing or = 77 or 99, a score is not calculated.

A score of:

| 0 – 2 points | = no depression |
| 3 – 6 points | = current depression |
