8	\$102,225	\$ 8,519	\$ 1,966

The Department of Health does not require proof of income or financial status; however, if a patient is referred for services not covered by the Women's Cancer Screening Program the facility providing these non-covered services may require proof of income. For questions regarding income eligibility, please call 222-4324. The WCSP distributes revised income guidelines to WCSP providers each year when the Federal Poverty Levels are established. Please continue to use the income levels from the previous fiscal year to determine WCSP program eligibility until you receive the revised income guidelines from the WCSP.
