

Check out what students said about relationships.

75% are not sexually active
(have not had sex in the last 3 months).

YOU DON'T HAVE TO RUSH.

58% used a condom the last time
they had sex.

#ProtectYourselfRI.
Download the **RightTime** app to
find free condoms and more info.

11% have experienced dating violence.

LOVE SHOULD NEVER HURT.

22% of students were bullied.

SEE SOMETHING? SAY SOMETHING.

Healthy relationships start with talking honestly, respecting others' views and backgrounds, compromising, and being supportive. Talk with a school staff member if you or a friend is in an unhealthy relationship.

Rhode Island Department of Health

The Youth Risk Behavior Survey was conducted during the spring of 2017 by the Rhode Island Departments of Health and Education, and the Centers for Disease Control and Prevention (CDC). To learn more visit health.ri.gov/data/adolescenthealth/
