REQUEST FOR PROPOSALS

RHODE ISLAND DEPARTMENT OF HEALTH
Center for HIV, Hepatitis, STD, and TB Epidemiology

HIV Prevention and Testing Services

SECTION 1: INTRODUCTION
The Rhode Island Department of Health (RIDOH), Center for HIV, Hepatitis, STD and TB Epidemiology is soliciting proposals from community based (i.e., non-medical), non-profit and public agencies to implement the HIV Prevention and Testing Services, in accordance with the terms of this Request for Proposals (“RFP”) and the State’s General Conditions of Purchase, which may be obtained at the Division of the Purchases’ website at www.purchasing.ri.gov.

Funding is available through appropriations from the Rhode Island General Assembly and the Centers for Disease Control and Prevention (CDC). The initial 12-month project period is expected to begin approximately January 1, 2019 and continue through December 31, 2019. RIDOH would like to fund up to four agencies for this project. The project may be renewed for up to two (2) consecutive 12-month periods at the exclusive option of RIDOH based upon the agency(ies) performance and availability of funds. All applicant agencies are required to include a verifiable ten percent (10%) in-kind match.

Applicants are encouraged to submit collaborative applications to enhance their outreach and service delivery. The funding determinations for collaborative applications will be based on: 1) need to collaborate and enhanced value of the scope of work upon collaboration; 2) increased geographic outreach statewide and enhanced service delivery; and 3) cost-effectiveness of the budget submitted. RFP applicants are encouraged to become familiar with CDC’s National HIV/AIDS Strategy (NHAS) (https://www.cdc.gov/hiv/policies/nhas.html) and the 2007-2016 Rhode Island HIV epidemiology trends (www.health.ri.gov/data/hiv).

This is a Request for Proposals, not a Request for Quotes. Responses will be evaluated on the basis of the relative merits of the proposal, in addition to cost; there will be no public opening and reading of responses.

Instructions and Notification to applicant entity:

1. Potential vendors are advised to review all sections of this RFP carefully and to follow instructions completely, as failure to make a complete submission as described elsewhere herein may result in rejection of the proposal.

2. Alternative approaches and/or methodologies to accomplish the desired or intended results of this RFP are solicited. However, proposals which depart from or materially alter the terms, requirements, or scope of work defined by this RFP may be rejected as being non-responsive.
3. All costs associated with developing or submitting a proposal in response to this RFP or for providing oral or written clarification of its content, shall be borne by the vendor. The State assumes no responsibility for these costs even if the RFP is cancelled or continued.

4. Proposals are considered to be irrevocable for a period of not less than 180 days following the opening date, and may not be withdrawn, except with the express written permission of the State Purchasing Agent.

5. All pricing submitted will be considered to be firm and fixed unless otherwise indicated in the proposal.

6. It is intended that an award pursuant to this RFP will be made to a prime vendor, or prime vendors in the various categories, who will assume responsibility for all aspects of the work. Subcontracts are permitted, provided that their use is clearly indicated in the vendor’s proposal and the subcontractor(s) to be used is identified in the proposal.

7. The purchase of goods and/or services under an award made pursuant to this RFP will be contingent on the availability of appropriated funds.

8. Vendors are advised that all materials submitted to the Division of Purchases for consideration in response to this RFP may be considered to be public records as defined in R. I. Gen. Laws § 38-2-1, et seq. and may be released for inspection upon request once an award has been made.

Any information submitted in response to this RFP that a vendor believes are trade secrets or commercial or financial information which is of a privileged or confidential nature should be clearly marked as such. The vendor should provide a brief explanation as to why each portion of information that is marked should be withheld from public disclosure. Vendors are advised that the Division of Purchases may release records marked confidential by a vendor upon a public records request if the State determines the marked information does not fall within the category of trade secrets or commercial or financial information which is of a privileged or confidential nature.

9. Interested parties are instructed to peruse the Division of Purchases website on a regular basis, as additional information relating to this solicitation may be released in the form of an addendum to this RFP.

10. By submission of proposals in response to this RFP vendors agree to comply with R. I. General Laws § 28-5.1-10 which mandates that contractors/subcontractors doing business with the State of Rhode Island exercise the same commitment to equal opportunity as prevails under Federal contracts controlled by Federal Executive Orders 11246, 11625 and 11375.

Vendors are required to ensure that they, and any subcontractors awarded a subcontract under this RFP, undertake or continue programs to ensure that minority group members, women, and persons with disabilities are afforded equal employment opportunities without discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, national origin, or disability.

Vendors and subcontractors who do more than $10,000 in government business in one year are prohibited from engaging in employment discrimination on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, national origin, or disability, and are required to submit an “Affirmative Action Policy Statement.”
Vendors with 50 or more employees and $50,000 or more in government contracts must prepare a written “Affirmative Action Plan” prior to issuance of a purchase order.

a. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation.

b. Vendors further agree, where applicable, to complete the “Contract Compliance Report” (http://odeo.ri.gov/documents/odeo-eeo-contract-compliance-report.pdf), as well as the “Certificate of Compliance” (http://odeo.ri.gov/documents/odeo-eeo-certificate-of-compliance.pdf), and submit both documents, along with their Affirmative Action Plan or an Affirmative Action Policy Statement, prior to issuance of a purchase order. For public works projects vendors and all subcontractors must submit a “Monthly Utilization Report” (http://odeo.ri.gov/documents/monthly-employment-utilization-report-form.xlsx) to the ODEO/State Equal Opportunity Office, which identifies the workforce actually utilized on the project.

For further information, contact the Rhode Island Equal Employment Opportunity Office, at 222-3090 or via e-mail at Krystal.Waters@doa.ri.gov.

11. In accordance with R. I. Gen. Laws § 7-1.2-1401 no foreign corporation has the right to transact business in Rhode Island until it has procured a certificate of authority so to do from the Secretary of State. This is a requirement only of the successful vendor(s). For further information, contact the Secretary of State at (401-222-3040).

12. In accordance with R. I. Gen. Laws §§ 37-14.1-1 and 37-2.2-1 it is the policy of the State to support the fullest possible participation of firms owned and controlled by minorities (MBEs) and women (WBEs) and to support the fullest possible participation of small disadvantaged businesses owned and controlled by persons with disabilities (Disability Business Enterprises a/k/a “DisBE”)(collectively, MBEs, WBEs, and DisBEs are referred to herein as ISBEs) in the performance of State procurements and projects. As part of the evaluation process, vendors will be scored and receive points based upon their proposed ISBE utilization rate in accordance with 150-RICR-90-10-1, “Regulations Governing Participation by Small Business Enterprises in State Purchases of Goods and Services and Public Works Projects”. As a condition of contract award vendors shall agree to meet or exceed their proposed ISBE utilization rate and that the rate shall apply to the total contract price, inclusive of all modifications and amendments. Vendors shall submit their ISBE participation rate on the enclosed form entitled “MBE, WBE and/or DisBE Plan Form”, which shall be submitted in a separate, sealed envelope as part of the proposal. ISBE participation credit will only be granted for ISBEs that are duly certified as MBEs or WBEs by the State of Rhode Island, Department of Administration, Office of Diversity, Equity and Opportunity or firms certified as DisBEs by the Governor’s Commission on Disabilities. The current directory of firms certified as MBEs or WBEs may be accessed at http://odeo.ri.gov/offices/mbeco/mb-e-wbe.php. Information regarding DisBEs may be accessed at www.gcd.ri.gov.

For further information, visit the Office of Diversity, Equity & Opportunity’s website, at http://odeo.ri.gov/ and see R.I. Gen. Laws Ch. 37-14.1, R.I. Gen. Laws Ch. 37-2.2, and 150-RICR-90-10.1. The Office of Diversity, Equity & Opportunity may be contacted at, (401) 574-8670 or via email Dorinda.Keene@doa.ri.gov

13. HIPAA - Under HIPAA, a “business associate” is a person or entity, other than a member of the workforce of a HIPAA covered entity, who performs functions or activities on behalf of, or provides
certain services to, a HIPAA covered entity that involves access by the business associate to HIPAA protected health information. A “business associate” also is a subcontractor that creates, receives, maintains, or transmits HIPAA protected health information on behalf of another business associate. The HIPAA rules generally require that HIPAA covered entities and business associates enter into contracts with their business associates to ensure that the business associates will appropriately safeguard HIPAA protected health information. Therefore, if a Contractor qualifies as a business associate, it will be required to sign a HIPAA business associate agreement

1. Eligible Entity - In order to perform the contemplated services related to the Rhode Island Health Benefits Exchange (HealthSourceRI), the vendor hereby certifies that it is an “eligible entity,” as defined by 45 C.F.R. § 155.110, in order to carry out one or more of the responsibilities of a health insurance exchange. The vendor agrees to indemnify and hold the State of Rhode Island harmless for all expenses that are deemed to be unallowable by the Federal government because it is determined that the vendor is not an “eligible entity,” as defined by 45 C.F.R. § 155.110.

SECTION 2: CONTRACTOR AND SUBRECIPIENT DETERMINATION AND REQUIREMENTS

**SECTION 3: BACKGROUND AND PURPOSE**

**Background**
HIV counseling and testing is a critical point of entry to HIV prevention services and can facilitate early linkage to medical care for those identified to be HIV-positive. Additionally, by assessing HIV status and risks for other health issues, including viral hepatitis, counseling and testing may promote risk reduction and behavior change, thereby contributing to the reduction of HIV, Sexually Transmitted Infections (STIs), and Viral Hepatitis transmission.

RIDOH is committed to creating programs that meet the needs of target populations and respond to interesting trend data. RIDOH is responsible for setting a plan and an agenda for HIV/viral hepatitis prevention in the state. To that end, RIDOH continually supports and researches many assessments regarding emergent populations whom are at high risk for acquiring and transmitting HIV, STIs and viral hepatitis. Case surveillance of AIDS was initiated in Rhode Island in 1983, and HIV surveillance began in 1989. Blood tests were developed to identify Hepatitis B in 1963 and surveillance began in 1978. Hepatitis C virus was identified and named in 1988; in 1992, a blood test became available and surveillance began. Surveillance systems provide information on risk factors, patient demographics, and the clinical manifestations of disease over time.

Since January 2006, community organizations providing HIV testing services have been funded to expand testing services to include Hepatitis B and C testing and preventive Hepatitis A & B immunizations. In addition, RIDOH has provided community organizations with capacity building and support for HIV/HCV rapid testing. Bundling Hepatitis C testing with HIV testing is an efficient strategy due to observed co-infections of HIV and Hepatitis. It is known 25-30% of HIV-infected persons are co-infected with HCV, and 50-90% of injection users are HCV infected.

**Purpose**
The purpose of this Request for Proposals (RFP) is to solicit proposals that will enable the RIDOH, Center for HIV, Hepatitis, STDs & TB to select the most qualified applicants who can demonstrate that they can integrate:

1. HIV and Hepatitis C counseling, testing, and referral (CTR) services;
2. Immediate linkage to HIV/viral hepatitis medical care; and
3. Condom distribution.

Applicants must use innovative and expanded outreach strategies to recruit and locate high risk individuals and disproportionately impacted populations, and must provide services in areas of geographic need at locations and times that promote access to these populations. Priority populations for integrated HIV and viral hepatitis prevention services are men who have sex with men (MSM),
African American and Hispanic men and women, and Baby Boomers (individuals born between the years 1945 and 1965) for Hepatitis C only. The Centers for Disease Control and Prevention estimates that there are 280 individuals living with undiagnosed HIV infection in Rhode Island. It is estimated that 200 of these 280 individuals are MSM. The intent of this request for proposals is to provide targeted outreach and Comprehensive HIV Prevention with program plans that comply with the National HIV/AIDS Strategy (NHAS).

The goals of Comprehensive HIV Prevention are as follows:

- To increase the number of persons at risk of infection with HIV and/or Hepatitis C (HCV) who know their statuses
- To reduce the number of undiagnosed and untreated HIV and HCV infections
- To focus testing in the populations and geographical areas of greatest need based on the 2016 epidemiological profile (http://www.health.ri.gov/publications/bytopic.php?parm=HIV )
- To promote proactive condom distribution
- To attain a goal of 1.0 percent HIV positivity rate annually
- To ensure immediate linkage to HIV/viral hepatitis medical care for newly diagnosed and previously diagnosed individuals
- To provide supportive referral services to improve the health and quality of life for HIV- and HCV-infected persons
- To implement an innovative and new outreach strategy to reach undiagnosed HIV-positive persons and high-risk negative persons who do not currently access prevention services

Health Insurance Portability and Accountability Act (HIPAA) requirements. They must assure
that client records (paper and/or computer) and other confidential information are kept in
locked file cabinets or secured computers with access only to staff who are directly involved
with client services.

4. All agencies must provide written notification of staff changes to the RI DOH contract officer
within two weeks.

5. All agencies must submit educational materials to RI DOH for review as required in 57 Federal
Register 26742. In accordance with federal regulations, all materials used in HIV prevention
contracts through RI DOH are subject to review by the HIV Prevention Program Materials Review
Committee at RIDOH. Some materials may be exempt from review (e.g., event flyers/posters
and materials pre-approved by the CDC). The Materials Review Coordinator shall make a
decision regarding possible exemption, after discussion with an agency representative.

educational materials using photographs, slides, drawings, or paintings), audiovisuals (e.g.,
videos), survey instruments, and educational sessions (curricula).

6. All agencies must participate in quarterly Integrated RIDOH Rapid Testing Vendors Meeting.

Objectives
All vendors are expected to achieve the following program objectives that will be assessed through
counseling and testing data submitted through EvaluationWeb and/or directly to RIDOH:

members of disproportionately impacted populations, as defined previously.
2. Demonstrate that 100 percent of HIV-positive clients identified by the agency are notified of
their test results.
3. Demonstrate that 100% of clients that have a preliminary positive rapid HIV test result are
reported to the RIDOH.
4. Demonstrate that 100 percent of preliminary HIV-positive clients receive a confirmatory test
and their results within 10 days of rapid reactive test.

Immediate Linkage to HIV Medical Care
1. Demonstrate that 100 percent of confirmed HIV-positive clients are referred to follow-up
medical care.
2. Demonstrate that 90 percent of HIV-positive clients attend their first medical appointment
within 15 days of confirmed positive test result.
3. Demonstrate that 100 percent of confirmed HIV-positive clients lost to follow-up, and not linked
to care, are referred to RIDOH’s Return to Care Program.

HCV Counseling, Testing, and Referral
1. Demonstrate that 100 percent of all persons tested for HCV are individuals who have engaged in
behaviors that put them at risk for acquiring HCV, as defined previously.
2. Demonstrate that at least 85 percent of clients tested for HCV receive their test results and a
post-test counseling session.
3. Demonstrate that 85 percent of Hepatitis C clients with positive EIA screening tests are referred
for follow-up/confirmatory testing to determine the need for treatment.

Condom Distribution

1. Demonstrate that 100 percent of all individuals tested are offered free condoms (and/or other barrier methods) and educational materials at all CTR locations. These materials may include but are not limited to: brochures, dental dams, lubricants, male (external) condoms, finger condoms, and female (internal) condoms.

2. Establish ongoing partnerships with a minimum of three non-health care venues where condom distribution is implemented and maintained.

3. Demonstrate 100 percent adherence and utilization of RIDOH’s approved and provided promotional materials, such as: window clings, signage, posters, pamphlets, digital marketing components and other materials, for condom distribution locations.

Plan for Racial, Ethnic, and Other Minorities

Establish and implement a plan for racial, ethnic and other minorities (e.g., gay, lesbian, transgender, queer, questioning) such that equity is achieved among populations. Minority communities are disproportionately affected and infected by HIV, AIDS and viral hepatitis according to disease data. The racial and ethnic populations identified by the OMB Directive 15 are African Americans, Native Americans, Latinos/Hispanics, and Asian Americans. The collective set of Culturally and Linguistically Appropriate Services (CLAS) mandates, guidelines, and recommendations issued by the HHS Office of Minority Health is intended to inform, guide and facilitate required and recommended practices related to culturally, linguistically and developmentally appropriate health services.

Testing Staff and HIV/HCV Rapid Testing Site Requirements

1. Applicants using rapid testing must have a written policy in place for managing rapid testing in non-laboratory settings including a Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver (www.cms.hhs.gov/clia).

2. A collaborative agreement must be included in the appendices with an agency that will be conducting confirmatory testing (i.e., Western Blot or any approved confirmatory test) for clients testing HIV positive with rapid testing, bio-waste and sharps disposal, as well as the required waiver to be submitted under state law/regulations.

3. All staff associated with the interventions must commit to be trained in Integrated Communicable Diseases 101 (ICD 101) and have a firm understanding of the HIV, STIs and viral hepatitis Disease information that they can convey to clients.

4. Certification for Qualified Professional Test Counselor is required for the administration of testing. Applicants’ staffs conducting HIV rapid testing must complete the Qualified Professional Test Counselor Course, pass the course exam, and pass the practicum. Supervisory staff will routinely monitor and evaluate the staff’s proficiency to provide test counseling using Quality Assurance standards set by RIDOH and assure that all test counselors have current certification.

Establish and Implement Referral / Linkage / Tracking Mechanisms

Activities associated with meeting the National HIV/AIDS Strategy (NHAS) include:

- early identification of high-risk individuals and persons from disproportionately impacted populations via universal, routine testing;
- ability to articulate a plan of referrals and linkages for high-risk individuals and persons from disproportionately impacted populations; and
- immediate, effective, and documented referral and linkage into HIV medical care.

Social determinants such as poverty, housing and literacy compound the needs associated with equity and thereby place some populations at greater risk for disease. The goal is to establish relationships with other agencies and clearly define not just the referral, but the connection or linkage to a service.
Agency (ies) will have lead responsibility to effect collaborations needed to support the project and to have a list of collaborators and engage those collaborators in agency agreements so that all who refer and link people to services are aware of their obligations. If referral mechanisms and linkages with collaborating agencies are not in place, then the likelihood of creating a seamless system to meet vulnerable client needs will not be evident to RI DOH. The CDC has made referral tracking a component to the process evaluation and the following are some elements that need to be included in Partner Linkages/Collaboration referral and tracking:

- Formalize and nurture linkages by specific, written “collaborative” agreement between agencies so that gaps in services such as access to medical care and substance use treatment can be addressed.
- Develop written program/participant eligibility criteria to share with collaborative organizations to ensure appropriate referrals/linkages.
- Maintain a referral and linkage plan with written up-to-date contact information on “collaborative” organizations (i.e. current staff names and telephone numbers).
- Implement mechanisms for providing and tracking incentives to clients who reach referrals/linkages (define a successful referral and linkages to care or service).

Condom Distribution
All applicants must agree to provide comprehensive and proactive condom distribution services. Applicants must comply with the three A’s of condom distribution guidelines set forth by the CDC:

- Availability: Condoms and other safer sex supplies should be available in a myriad of locations and location types across the state. Each vendor(s) is required to distribute condoms and prevention materials (pamphlets, marketing, and other safer sex supplies); and utilize RIDOH’s condom window clings identifying venues with free condom distribution (Appendix C: Condom Dispensers Marketing Clings).
- Accessibility: Condom distribution must be accessible to the public by providing free condoms that are conveniently situated in multiple locations. These locations and venues must allow access during peak times of risk behavior, including evenings, nights, weekends, holidays and in locations in areas where high risk populations frequent.
- Acceptability: Ensure that the norms within a community support the use and types of condoms by producing products that are popular and supported by opinion leaders and public figures. All marketing and promotional materials for condom distribution and prevention messages should be appropriate to the populations being served and should be vetted through RIDOH.

Cultural and Linguistically Appropriate Services (CLAS) in Health in Health Care

Health Equity
When all people have "the opportunity to 'attain their full health potential' and no one is 'disadvantaged from achieving this potential because of their social position or other socially determined circumstance""

Cultural Competence
Culture is the blended patterns of human behavior that include "language, thoughts, communications, actions, customs, beliefs, values, and institutions of racial, ethnic, religious, or social groups." Cultural competence is "a set of congruent behaviors, attitudes, and policies that come together in a system, agency, or among professionals that enables effective work in cross-cultural situations." "Competence" in the term cultural competence implies that an individual or organization has the capacity to function effectively "within the context of the cultural beliefs, behaviors, and needs presented by consumers and their communities."

Limited English Proficiency
*
Under the authority of Title VI of the Civil Rights Act of 1964, Presidential Executive Order No. 13166 requires that recipients of federal financial assistance ensure meaningful access by persons with limited English proficiency (LEP) to their programs and activities. A 2002 report from the U.S. Department of Justice, *Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons*, provides guidance on uniform policies for all federal agencies to implement Executive Order No. 13166. Further, the *National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care (CLAS): A Blueprint for Advancing and Sustaining CLAS Policy and Practice* issued by the United States Department of Health and Human Services, Office of Minority Health in 2013 are intended to advance health equity, improve quality and help eliminate health care disparities by providing a blueprint for individuals and health and health care organizations to implement culturally and linguistically appropriate services. The national CLAS standards provide guidance on cultural and linguistic competency with the ultimate goal of reducing racial and ethnic disparities.

Effective immediately, all applicant entities who contract with RIDOH must perform the following tasks and provide documentation of such tasks upon request of a RIDOH employee:

1. Bidders are required to complete, sign and submit these forms with their overall proposal in a sealed envelope. **SECTION 6: EVALUATION AND SELECTION**

Proposals shall be reviewed by a technical evaluation committee (“TEC”) comprised of staff from State agencies. The TEC first shall consider technical proposals.

Technical proposals must receive a minimum of 60 (85.7%) out of a maximum of 70 points to advance to the cost evaluation phase. Any technical proposals scoring less than the minimum points shall not have the accompanying cost or ISBE participation proposals opened and evaluated. The proposal will be dropped from further consideration.

Technical proposals scoring the minimum points or higher will have the cost proposals evaluated and assigned up to a maximum of 30 points in cost category bringing the total potential evaluation score to 100 points. After total possible evaluation points are determined ISBE proposals shall be evaluated and assigned up to 6 bonus points for ISBE participation.

The Division of Purchases reserves the right to select the vendor(s) or firm(s) (“vendor”) that it deems to be most qualified to provide the goods and/or services as specified herein; and, conversely, reserves the right to cancel the solicitation in its entirety in its sole discretion.

Proposals shall be reviewed and scored based upon the following criteria:

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Possible Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Organizational Background:</td>
<td>20 Points</td>
</tr>
<tr>
<td>Goals and Objectives:</td>
<td>10 Points</td>
</tr>
<tr>
<td>Approach/Project Work Plan:</td>
<td>25 Points</td>
</tr>
<tr>
<td>Evaluation and Monitoring:</td>
<td>10 Points</td>
</tr>
<tr>
<td>Project Staff and Organization:</td>
<td>5 Points</td>
</tr>
</tbody>
</table>

**Total Possible Technical Points**

70 Points
Cost Proposal*:
The vendor with the lowest cost proposal shall receive one hundred percent (100%) of the available points for cost. All other vendors shall be awarded cost points based upon the following formula:

\[(\text{lowest cost proposal} / \text{vendor’s cost proposal}) \times \text{available points}\]

For example: If the vendor with the lowest cost proposal (Vendor A) bids $65,000 and Vendor B bids $100,000 for monthly costs and service fees and the total points available are thirty (30), Vendor B’s cost points are calculated as follows:

\[\frac{65,000}{100,000} \times 30 = 19.5\]

ISBE Participation**:

a. Calculation of ISBE Participation Rate

1. ISBE Participation Rate for Non-ISBE Vendors. The ISBE participation rate for non-ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of non-ISBE vendor’s total contract price that will be subcontracted to ISBEs by the non-ISBE vendor’s total contract price. For example, if the non-ISBE’s total contract price is $100,000.00 and it subcontracts a total of $12,000.00 to ISBEs, the non-ISBE’s ISBE participation rate would be 12%.

2. ISBE Participation Rate for ISBE Vendors. The ISBE participation rate for ISBE vendors shall be expressed as a percentage and shall be calculated by dividing the amount of the ISBE vendor’s total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the ISBE vendor by the ISBE vendor’s total contract price. For example, if the ISBE vendor’s total contract price is $100,000.00 and it subcontracts a total of $12,000.00 to ISBEs and will perform a total of $8,000.00 of the work itself, the ISBE vendor’s ISBE participation rate would be 20%.

b. Points for ISBE Participation Rate:

The vendor with the highest ISBE participation rate shall receive the maximum ISBE participation points. All other vendors shall receive ISBE participation points by applying the following formula:

\[(\text{Vendor’s ISBE participation rate} / \text{Highest ISBE participation rate}) \times \text{Maximum ISBE participation points}\]

For example, assuming the weight given by the RFP to ISBE participation is 6 points, if Vendor A has the highest ISBE participation rate at 20% and Vendor B’s ISBE participation rate is 12%, Vendor A will receive the maximum 6 points and Vendor B will receive \((12\% / 20\%) \times 6\) which equals 3.6 points.

General Evaluation:
Points shall be assigned based on the vendor’s clear demonstration of the ability to provide the requested goods and/or services. Vendors may be required to submit additional written information or be asked to make an oral presentation before the TEC to clarify statements made in the proposal.

If this contract was awarded as a result of an RFP or bid process, then, by mutual agreement, this contract may be extended as stated in the RFP or bid process (hereinafter “Renewal Term(s)”) beyond the Initial Term upon one hundred twenty (120) days prior written notice of the expiration of the Initial Term or any Renewal Term to the Contractor.

In the event RIDOH or the Contractor gives notice of its intent not to renew this Agreement, RIDOH shall have the right to extend all or any services to be performed under this Agreement for an additional period of one hundred and eighty (180) days, or such longer period as mutually agreed by the parties in writing.

PAR. 4. PROJECT OFFICER – RIDOH

RIDOH shall appoint a Contract Officer to manage this Agreement. The Contractor agrees to maintain close and continuing communication with the Contract Officer throughout the performance of work and services undertaken under the terms of this
Agreement. The Contract Officer is responsible for authorizing, or seeking authorization of all payments made by RIDOH to the Contractor under this Agreement.

PAR. 5. PROJECT OFFICER – CONTRACTOR

The Contractor shall appoint a Project Officer to be responsible for coordinating and reporting work performed by the Contractor agency under this Agreement. PAR. 6. BUDGET

Total payment for services to be provided under this Agreement shall not exceed the total budget as detailed in ADDENDUM II. Expenditures exceeding budget line-item categories by ten percent (10%) shall not be authorized unless prior written approval is first obtained pursuant to PAR. 10. - MODIFICATION OF AGREEMENT, subject to the maximum amount of this Agreement as stated above.

PAR. 7. METHOD OF PAYMENT AND REPORTS

RIDOH will make payments to the Contractor in accordance with provisions of ADDENDUM III - PAYMENTS AND REPORTS SCHEDULE attached hereto and incorporated by reference herein. RIDOH acknowledges and agrees that any increase in expenses due to delays by RIDOH which extends the time of performance shall be subject to reimbursement of the costs associated with such delays. The Contractor will complete and forward narrative, fiscal, and all other reports per ADDENDUM III - PAYMENTS AND REPORTS SCHEDULE.

PAR. 8. TERMINATION AND/OR DEFAULT OF AGREEMENT

This Agreement shall be subject to termination under any of the following conditions:

a) Mutual Agreement
   The contracting parties mutually agree in writing to termination.

b) Default by Contractor
   RIDOH may, by not less than thirty (30) days prior written notice to the Contractor, terminate the Contractor’s right to proceed as to the Agreement if the Contractor:
   1. Materially fails to perform the services within the time specified or any extension thereof; or
   2. So fails to make progress as to materially endanger performance of the Agreement in accordance with its terms; or
   3. Materially breaches any provision of this Agreement.
   Termination, at the option of RIDOH shall be effective not less than thirty (30) days after receipt of such notice, unless the Contractor shall have corrected such failure(s) thirty (30) days after the receipt by the Contractor of such written notice; any failure which, in the exercise of due diligence, cannot be cured within such thirty (30) day period shall not be deemed a default so long as the Contractor shall within such period commence and thereafter continue diligently to cure such failure.

c) Termination in the Interest of RIDOH
   RIDOH may terminate this agreement at any time by giving written notice to the Contractor of such termination and specifying the effective date thereof, not less than thirty (30) days prior to the effective date of such termination. In such event, all finished or unfinished documents and other materials shall, at the option of RIDOH, become its property. If the agreement is terminated by RIDOH as provided herein, the Contractor will be paid an amount which bears the same rate to the total compensation as the services actually performed bear to the total services of the Contractor covered by this Agreement, less payment of compensation previously made.

d) Availability of Funds
   It is understood and agreed by the parties hereto that all obligations of RIDOH, including the continuance of payments hereunder, are contingent upon the availability and continued appropriation of State and Federal funds, and in no event shall RIDOH be liable for any payments hereunder in excess of such available and appropriated funds. In the event that the amount of any available or appropriated funds provided by the State or Federal sources for the purchase of services hereunder shall be reduced, terminated or shall not be continued at an aggregate level sufficient to allow for the purchase of the specified amount of services to be purchased hereunder for any reason whatsoever, RIDOH shall notify the Contractor of such reduction of funds available and RIDOH shall be entitled to reduce its commitment hereunder as it deems necessary, but shall be obligated for payments due to the Contractor up to the time of such notice. None of the provisions of this paragraph shall entitle RIDOH to compensation for anticipated profits for unperformed work.
PAR. 9. RESPONSIBILITIES UPON TERMINATION AND/OR DEFAULT OF AGREEMENT

Upon delivery to the Contractor of a notice of termination, specifying the nature of the termination, the extent to which performance of work under this contract is terminated, and the date upon which such termination becomes effective, the Contractor shall:

1. Stop work under this contract on the date and to the extent specified in the notice of termination.
2. Take such action as may be necessary, or as RIDOH’s project manager may reasonably direct, for the protection and preservation of the property related to this contract which is in the possession of the Contractor and in which RIDOH has or may acquire an interest.
3. Terminate all orders to the extent that they relate to the performance of work terminated by the notice of termination.
4. Subject to the provisions of this paragraph, assign to RIDOH in the manner and to the extent directed by RIDOH’s project officer all of the rights, title, and interest of the Contractor under the orders so terminated, in which case RIDOH shall have the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders, however, notwithstanding this provision, the Contractor will not be obligated to assign any such rights, title or interest in the absence of payment therefore by RIDOH.
5. With the approval or ratification of RIDOH’s project manager, initiate settlement of all outstanding liabilities and all claims, arising out of such termination of orders, the cost of which would be reimbursable in whole or in part, in accordance with the provisions of this contract. Prior to a final settlement of said outstanding liabilities and claims arising out of such termination, final written approval of RIDOH’s project manager must be obtained. Final approval by RIDOH shall not be unreasonably withheld.
6. Subject to the provisions of this paragraph, transfer title, or if the Contractor does not have title, then transfer their rights to RIDOH (to the extent that title has not already been transferred) and deliver in the manner, at reasonable times, and to the extent reasonably directed by RIDOH’s project manager all files, processing systems, data manuals, or other documentation, in any form, that relate to all the work completed or in progress prior to the notice of termination.
7. Complete the performance of such part of the work as shall not have been terminated by the notice of termination. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any delay in determining or adjusting the amount of any item of reimbursable price under this clause.
8. Unless terminated by RIDOH for default of the Contractor, the Contractor shall be entitled to reasonable account shut down expenses associated with such termination including the penalties associated with early termination of lease, software, hardware, and any other unamortized or incremental expenses accrued but not charged, excluding anticipated profits which shall not be reimbursed. The Contractor shall submit all identified shut down expenses associated with such termination incurred before and prior to the termination date. Any damages to RIDOH shall offset any shutdown expenses to RIDOH.
9. The Contractor acknowledges and agrees the services and/or deliverables provided under this Agreement are very important to RIDOH and that upon expiration or termination of the Agreement, must be continued without interruption whether by the State, RIDOH, governmental agency or another private entity (“successor entity”). Prior to the end of the Termination and up to sixty (60) days thereafter, the Contractor agrees to make an orderly transition of contract and/or deliverables hereunder and to perform any and all tasks in good faith that are necessary to preserve the integrity of the work performed by the Contractor on behalf of RIDOH. Upon termination or expiration of the Agreement, the Contractor, shall, if requested by RIDOH at least thirty (30) days prior to such termination or expiration, provide reasonable training for the successor entity and/or continued performance of services. For providing such training or continued performance after the Term of the Agreement, RIDOH shall pay the Contractor at mutually agreed rates for personnel used in providing such training and/or services unless services delivered are already defined herein and rates established then such rates shall apply for such period. Should any missing data, materials, documents, etc., be discovered after expiration or termination, a grace period of one hundred and twenty (120) days shall be in effect during which the data, materials, documents, etc., is to be provided at a predetermined cost or at no additional cost if the Contractor caused the loss. Lost data shall be provided to RIDOH in form acceptable to RIDOH.

If a stop work order issued under this clause is canceled or the period of the stop work order or any extension thereof expires, the Contractor shall resume work. The State shall make an equitable adjustment in the delivery schedule, the Agreement price, or both, and the agreement shall be modified, in writing, accordingly, if:

a) The stop work order results in an increase in the time required for, or in the Contractor’s cost properly allocable to the performance of any part of this agreement; and
b) The Contractor asserts its right to an equitable adjustment within ninety (90) days after the end of the period of work stoppage; provided, that if the state decides the facts justify the action, the state may receive and act upon a proposal submitted at any time before final payment under this Agreement.

The State shall not be liable to the Contractor for loss of profits because of a stop work order issued under this clause, however, unless termination is for a default by the Contractor, the Contractor shall have the right to recover costs associated with
maintaining the personnel, leases and equipment during the period of time the stop work order was in effect that cannot otherwise be reasonably utilized by the Contractor during the stop work period.

If the agreement is terminated for default, following a reasonable notice and cure period not to exceed thirty (30) days unless agreed to by both parties, RIDOH may withhold payment of any amount in excess of fair compensation for the work actually completed by the Contractor prior to termination of this Agreement and will be entitled to pursue all of its other available legal remedies against the Contractor. Notwithstanding the above, the Contractor shall not be relieved of liability to RIDOH for damages sustained by virtue of any breach of this Agreement by the Contractor.

The Contractor’s liability to RIDOH for any damages arising out of or related to this Agreement, regardless of the form of action that imposes liability, whether in contract, equity, negligence, intended conduct, tort or otherwise, will be limited to and will not exceed, in the aggregate for all claims, actions and causes of action of every kind and nature, the total fees paid by RIDOH to the Contractor under this Agreement. The exception to this limitation of liability is with regard to any direct damages incurred by RIDOH due to the intentional tortious actions of the Contractor in the performance or nonperformance of its obligations under this Agreement. Also, there should be no limitation of the Contractor’s liability for disclosure of confidential information or intellectual property infringement. Neither party shall be liable for any amounts for loss of income, profit or savings or incidental, consequential, indirect, exemplary, punitive, or special damages of any party, including third parties arising out of or related to this Agreement; provided, however, that the foregoing shall not be deemed to limit in any way the provisions of ADDENDUM XIII - LIQUIDATED DAMAGES of this Agreement.

The imposition of liquidated damages shall not limit RIDOH’s rights to pursue any other non-monetary remedies available to it.

RIDOH may, by written notice of default to the Contractor, provide that the Contractor may cure a failure or breach of this contract within a period of thirty (30) days (or such longer period as RIDOH’s agreement administrator or project manager may authorize in writing), said period to commence upon receipt of the notice of default specifying such failure or breach. RIDOH’s exercise of this provision allowing the Contractor time to cure a failure or breach of this Agreement does not constitute a waiver of RIDOH’s right to terminate this Agreement, without providing a cure period, for any other failure or breach of this Agreement.

In the event the Contractor has failed to perform any substantial obligation under this Agreement, or has otherwise committed a breach of this Agreement, RIDOH may withhold all monies due and payable to the Contractor directly related to the breach, without penalty, until such failure is cured or otherwise adjudicated.

Assurances before breach

a) If documentation or any other deliverables due under this contract are not in accordance with the contract requirements as reasonably determined by the project manager, upon RIDOH’s request, the Contractor, to the extent commercially reasonable, will deliver additional the Contractor resources to the project in order to complete the deliverable as required by the agreement as reasonably determined by RIDOH and to demonstrate that other project schedules will not be affected. Upon written notice by RIDOH’s project manager of RIDOH’s concerns regarding the quality or timeliness of an upcoming deliverable, the Contractor shall, within five (5) business days of receipt of said notice, submit a corrective action plan documenting the Contractor’s approach to completing the deliverable to the satisfaction of RIDOH’s project officer without affecting other project schedules. RIDOH’s project manager, within five (5) business days of receipt of the corrective action plan, shall approve the plan, reject the plan, or return the plan to the Contractor with specific instructions as to how the plan can be modified to merit approval and a specific time period in which the revised plan must be resubmitted.

Nothing in the language contained in “limitation of liability” article, “Contractor’s liability for injury to person’s or damage to property” article and “indemnification” article shall be construed to waive or limit the state or federal sovereign immunity or any other immunity from suit provided by law including, but not limited to Rhode Island General Laws, Title 9 Chapter 31, “Governmental Tort Liability.”

RIDOH’s options at termination

In the event RIDOH terminates this contract pursuant to this paragraph, RIDOH may at its option:

b) Notwithstanding the above, except as otherwise agreed, nothing herein shall limit the right of RIDOH to pursue any other legal remedies against the Contractor.

In order to take into account any changes in funding levels because of executive or legislative actions or because of any fiscal limitations not presently anticipated, RIDOH may reduce or eliminate the amount of the contract as a whole with the scope of services being reduced accordingly, or subject to agreement by the parties concerning the scope and pricing, reduce or eliminate any line item(s).

Notwithstanding the terms, conditions and/or requirements set out in Paragraphs 7 and 8, the Contractor shall not be relieved of liability to RIDOH for damages sustained by RIDOH by virtue of any breach of the Agreement by the Contractor, and RIDOH
may withhold payment to the Contractor for the purpose of setoff until such time as the exact amount of damages due RIDOH from the Contractor is determined.

PAR. 10. MODIFICATION OF AGREEMENT

RIDOH may permit changes in the scope of services, time of performance, or approved budget of the Contractor to be performed hereunder. Such changes, which are mutually agreed upon by RIDOH and the Contractor, must be in writing and shall be made a part of this agreement by numerically consecutive amendment excluding “Special Projects”, if applicable, and are incorporated by reference into this Agreement. No changes are effective unless reflected in an approved change order issued by the State’s Division of Purchases.

Special Projects are defined as additional services available to RIDOH on a time and materials basis with the amounts not to exceed the amounts referenced on the Contractor’s RFP cost proposal or as negotiated by project or activity. The change order will specify the scope of the change and the expected completion date. Any change order shall be subject to the same terms and conditions of this Agreement unless otherwise specified in the change order and agreed upon by the parties. The parties will negotiate in good faith and in a timely manner all aspects of the proposed change order.

PAR. 11. SUB CONTRACTS

It is expressly agreed that the Contractor shall not enter into any subcontract(s) nor delegate any responsibilities to perform the services listed in this Agreement without the advanced, written approval of RIDOH. If in ADDENDUM XVI – BID PROPOSAL, the Bid Proposal permits Subcontracting, the Contractor must provide the name and the extent of services provided by the Subcontractor in the BUDGET paragraph 6, and more fully explained in ADDENDUM II of this Agreement, and as further agreed to by RIDOH and the Contractor in ADDENDUM IX – SUBCONTRACTOR COMPLIANCE, which is incorporated by reference herein, and which outlines the expectations and requirements of subcontracted vendors to this Agreement.

If the Contractor subsequently needs to enlist the services of a Subcontractor, the Contractor shall obtain prior written approval of RIDOH. Approval of RIDOH for the Contractor to enter into subcontracts to perform the services or obligations of the Contractor pursuant to this Agreement shall not be unreasonably withheld. Nothing in this Agreement or in a subcontract or sub-agreement between the Contractor and subcontractors shall create any contractual relationship between the subcontractor and RIDOH. Approval by RIDOH of the Contractor’s request to subcontract shall not relieve the Contractor of its responsibilities under this contract and the Contractor shall therefore remain responsible and liable to RIDOH for any conduct, negligence, acts and omissions, whether intentional or unintentional, by any subcontractor.

The positions named by the Contractor and detailed in ADDENDUM XVII – CORE STAFF POSITIONS, which is incorporated by reference herein, will be considered core project staff positions for this project. The Contractor will not alter the core project team or use an independent contractor, company or subcontractor to meet required deliverables without the prior written consent of RIDOH’s project officer or other appointed designee(s) for which consent shall not be unreasonably withheld.

Failure to comply with the provisions of this Paragraph could result in denial of reimbursement for such non-approved subcontracts.

PAR. 12. CONTRACTOR’S LIABILITY/INDEMNIFICATION

The Contractor shall indemnify and hold the State of Rhode Island, its departments, agencies, branches and its or their officers, directors, agents or employees (together the “Indemnites” and their subcontractors) harmless against claims, demands, suits for judgments, losses or reasonable expenses or costs of any nature whatsoever (including actual reasonable attorney’s fees) to the extent arising in whole or part from the Contractor’s willful misconduct, negligence, or omission in provision of services or breach of this Agreement including, but not limited to, injuries of any kind which the staff of the Contractor or its subcontractor may suffer directly or may cause to be suffered by any staff person or persons in the performance of this Agreement, unless caused by the willful misconduct or gross negligence of the Indemnites.

The Contractor shall indemnify and hold the State of Rhode Island, its departments, agencies, branches and its or their officers, directors, agents or employees (together the “Indemnites” and their subcontractors”) harmless against claims, demands, suits for judgments, losses or reasonable expenses or costs of any nature whatsoever (including actual reasonable attorney’s fees) to the extent arising in whole or part for infringement by the Contractor of any intellectual property right by any product or service provided hereunder.

Nothing in this agreement shall limit the Contractor’s liability to indemnify the State for infringements by the Contractor of any intellectual property right.
Nothing in the language contained in this Agreement shall be construed to waive or limit the State or federal sovereign immunity or any other immunity from suit provided by law including, but not limited to Rhode Island General Law, Title 9, Chapter 31 et al., entitled “Governmental Tort Liability.”

PAR. 13. NONDISCRIMINATION IN EMPLOYMENT AND SERVICES

Pursuant to Title VI and Section 504, as listed above and as referenced in ADDENDA V AND VI, which are incorporated herein by reference and made part of this Agreement, the Contractor shall have policies and procedures in effect, including, mandatory written compliance plans, which are designed to assure compliance with Title VI section 504, as referenced above. An electronic copy of the Contractor’s written compliance plan, all relevant policies, procedures, workflows, relevant chart of responsible personnel, and/or self-assessments must be available to RIDOH upon request.

The Contractor acknowledges receipt of ADDENDUM V - NOTICE TO RHODE ISLAND DEPARTMENT OF RIDOH SERVICE PROVIDERS OF THEIR RESPONSIBILITIES UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964 AND ADDENDUM VI - NOTICE TO RHODE ISLAND DEPARTMENT OF RIDOH SERVICE PROVIDERS OF THEIR RESPONSIBILITIES UNDER SECTION 504 OF THE REHABILITATION ACT OF 1973, which are incorporated herein by reference and made part of this Agreement.

Changes to any of the requirements contained herein shall constitute a change and be handled in accordance with PAR. 10. - MODIFICATION OF AGREEMENT above.

Failure to comply with this Paragraph may be the basis for cancellation of this Agreement.

PAR. 14. ASSIGNABILITY

The Contractor shall not assign any interest in this Agreement (whether by assignment or novation) without the prior written consent of the State’s Division of Purchases, thereto; provided, however, that claims or money due or to become due to the Contractor from RIDOH under this Agreement may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to RIDOH.

PAR. 15. COPYRIGHTS

To be clear with respect to State Property, the work shall be considered “work for hire,” i.e., the State, not the selected Contractor or
any subcontractor, shall have full and complete ownership of all State Property. The selected Contractor and any subcontractor hereby convey, assign and transfer to State any and all of its or their right, title and interest in State Property, if any, including but not limited to trademarks and copyrights. The State hereby grants to the federal government, and the federal government reserves, a royalty-free, nonexclusive and irrevocable license to reproduce, publish, disclose or otherwise use and to authorize others to use for federal government purposes such software, modifications and documentation designed, developed or installed with federal financial participation.

The Contractor agrees that no findings, listing, or information derived from information obtained through performance, as described in the Scope of Work in Addendum I with or without identifiers, may be released or publicly disclosed in any form for any purpose if such findings, listing, or information contain any combination of data elements that might allow an individual to determine a beneficiary’s identification without first obtaining written authorization from RIDOH’s project officer. Examples of such data elements include, but are not limited to geographic indicators, age, sex, diagnosis, procedure, date of birth, or admission/discharge date(s). The Contractor agrees further that RIDOH shall be the sole judge as to whether any finding, listing, information, or any combination of data extracted or derived from RIDOH’s files identify or would, with reasonable effort, permit one to identify an individual, or to deduce the identifying of an individual to a reasonable degree of certainty. The Contractor agrees that the conditions set forth herein apply to any materials presented or submitted review and/or publication that contain individual identifying elements in the information obtained, as stated above, unless such information is presented in the aggregate. Under no circumstance, shall the Contractor publicly disclose or present or submit any materials for review and/or publication that contains an individual’s social security number, in part or in whole. The Contractor is hereby notified that all initial data received from RIDOH is considered confidential by RIDOH. For further requirements regarding confidentiality of information please refer to Paragraph 26 of this Agreement.

With respect to claims arising from computer hardware or software manufactured by a third party and sold by the Contractor as a reseller, the Contractor will pass through to RIDOH such indemnity rights as it receives from such third party (“third party obligation”) and will cooperate in enforcing them; provided that if the third party manufacturer fails to honor the third party obligation, the Contractor will provide RIDOH with indemnity protection equal to that called for by the third party obligation, but in no event greater than that called for in the first sentence of this Paragraph the provisions of the preceding sentence apply only to third party computer hardware or software sold as a distinct unit and accepted by RIDOH. Unless a third party obligation provides otherwise, the defense and payment obligations set forth in this Paragraph will be conditional upon the following:

1. RIDOH will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
2. The Contractor will have sole control of the defense of any action on all third party claims, costs (including without limitation reasonable attorneys’ fees), and losses for infringement or violation of any U.S. Intellectual Property Rights by any product or service provided hereunder; and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future state operations or liability, or when involvement of the state is otherwise mandated by law, the state may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) the state will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and
3. The State will reasonably cooperate in the defense and in any related settlement negotiations.

Should the deliverables or software, or the operation thereof, become, or in the Contractor’s opinion are likely to become, the subject of a claim of infringement or violation of a U.S. Intellectual Property Rights, RIDOH shall permit the Contractor at its option and expense either to procure for RIDOH the right to continue using the deliverables or software, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such deliverables or software by RIDOH shall be prevented by injunction, the Contractor agrees to take back such deliverables or software and make every reasonable effort to assist RIDOH in procuring substitute deliverables or software. If, in the sole opinion of RIDOH, the return of such infringing deliverables or software makes the retention of other deliverables or software acquired from the Contractor under this Agreement impractical, RIDOH shall then have the option of terminating such agreements, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such deliverables or software and refund any sums RIDOH has paid the Contractor less any reasonable amount for use or damage.

The Contractor shall have no liability to RIDOH under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement that is based upon:

- The combination or utilization of deliverables furnished hereunder with equipment or devices not made or furnished by the Contractor; or,
- The operation of equipment furnished by the Contractor under the control of any operating software other than, or in addition to, the current version of the Contractor-supplied operating software; or
- The modification by RIDOH of the equipment furnished hereunder or of the software; or
- The combination or utilization of software furnished hereunder with non-Contractor supplied software.
The Contractor certifies that it has appropriate systems and controls in place to ensure that RIDOH funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.

The Contractor agrees that no findings, listing, or information derived from information obtained through performance, as described in ADDENDUM I - SCOPE OF WORK, with or without identifiers, may be released or publicly disclosed in any form for any purpose if such findings, listing, or information contain any combination of data elements that might allow an individual to determine a beneficiary’s identification without first obtaining written authorization from RIDOH’s project officer. Examples of such data elements include, but are not limited to geographic indicators, age, sex, diagnosis, procedure, date of birth, or admission/discharge date(s). The Contractor agrees further that RIDOH shall be the sole judge as to whether any finding, listing, information, or any combination of data extracted or derived from RIDOH’s files identify or would, with reasonable effort, permit one to identify an individual, or to deduce the identifying of an individual to a reasonable degree of certainty. The Contractor agrees that the conditions set forth herein apply to any materials presented or submitted review and/or publication that contain individual identifying elements in the information obtained, as stated above, unless such information is presented in the aggregate. Under no circumstance, shall the Contractor publicly disclose or present or submit any materials for review and/or publication that contains an individual’s social security number, in part or in whole. The Contractor is hereby notified that all initial data received from RIDOH is considered confidential by RIDOH.

PAR. 17. INTEREST OF CONTRACTOR

The Contractor covenants that it presently has no pecuniary interest and shall not acquire any such interest, direct or indirect, without first disclosing to RIDOH in writing and then subsequently obtaining approval, in writing, from RIDOH, that would conflict in any manner or degree with the performance of services required under this Agreement. The Contractor further covenants that no person having any such interest shall be employed by the Contractor for the performance of any work associated with this Agreement.

The Contractor specifically agrees to abide by all applicable federal requirements for Contractors. Additionally, the Federal Award must be used in accordance with the specific Catalog of Federal Domestic Assistance (CFDA) number listed in ADDENDUM IV – FISCAL ASSURANCES. https://www.cfda.gov/

The Contractor and its subcontractors, if subcontractors are permitted within the scope of this Agreement, will provide new FFATA forms for each contract year. When applicable in multiyear contracts, the Contractor is required to review and update the FFATA form, this must be provided to RIDOH 30 days prior to the end of the first contract year. For example, if the contract performance period is July 1, 2015 to June 30, 2018; then the FFATA form for the second contract year is due June 1, 2016. Any sub-contractor paid with Federal Funding will provide the FFATA form for each contract year to the Contractor, the Contractor must then provide all sub-contractor FFATA forms to RIDOH. Sub-contractor forms must be provided within fifteen (15) days of date of signature of this Agreement, and if applicable, within fifteen (15) days of the end of each contract year for all subsequent contract years.

Should the Contractor be liable for the amount of the denied funding, then such amount shall be payable upon demand of RIDOH.

The Contractor agrees that no expenditures claimed for reimbursement under this Agreement will be claimed for reimbursement under any other agreement, grant, or contract that the Contractor may hold which provides funding from state
or federal sources. The Contractor further agrees to be liable for audit exceptions that may arise from examination of expenditures: (a) claimed by the Contractor for reimbursement under this Agreement, and/or (b) submitted by the Contractor in meeting any cost participation requirements.

PAR. 20.  ACCESSIBILITY AND RETENTION OF RECORDS

If audit findings have not been resolved at the end of the three (3) years, the records shall be retained for an additional three (3) years after the resolution of the audit findings are made or as otherwise required by law.

The Contractor and its subcontractors, if subcontractors are permitted within the scope of this Agreement, will provide and maintain a quality assurance system acceptable to the state covering deliverables and services under this Agreement and will tender to the state only those deliverables that have been inspected and found to conform to this Agreement’s requirements. The Contractor will keep records evidencing inspections and their result, and will make these records available to the state during Agreement performance and for three (3) years after final payment. The Contractor shall permit the state to review procedures, practices, processes, and related documents to determine the acceptability of Contractor’s quality assurance system or other similar business practices related to performance of the Agreement.

Further, the Contractor agrees to include a similar right of the state to audit records and interview staff in any subcontract related to performance of this Agreement.

The parties agree that in regards to fixed price portions of the contract, the state’s access to the Contractor’s books, records and documents shall be limited to those necessary to verify the accuracy of the Contractor’s invoice. In no event will the state have access to the Contractors internal cost data as they relate to fixed price portion of the contract.

(Defined in HHS Memorandum ISP-2007-005, "Departmental Standard for the Definition of Sensitive Information" as amended).

Depending on the nature and severity of the confirmed breach, the plan may include the use of an independent third-party security firm to perform an objective security audit in accordance with recognized cyber security industry commercially reasonable practices. The parties will consider the scope, severity and impact of the security incident to determine the scope and duration of the third party audit. The following additional paragraphs are added to the Rhode Island Department of Administration, Division of Purchases, Purchasing Rules, Regulations, and General Conditions of Purchasing.

PROPRIETARY SOFTWARE. Each party will retain all rights in any software, ideas, concepts, know-how, development tools, techniques or any other proprietary material or information that it owned or developed prior to the date of this Agreement, or acquired or developed after the date of this Agreement without reference to or use of the intellectual property of the other party. All software that is licensed by a party from a third party vendor will be and remain the property of such vendor.

DEVELOPED SOFTWARE. All software that is developed by the Contractor and delivered by the Contractor to RIDOH under this Agreement, and paid for by RIDOH (“Developed Software”) is and shall remain the property of RIDOH. For a period of ninety (90) days following acceptance of any developed software in accordance with the approval procedures adopted by the parties, the Contractor warrants that each item of developed software will conform in all material respects to the written technical specifications agreed to by the parties in accordance with the software development methodologies adopted by the parties and set forth in the procedures manual. As soon as reasonably practicable after discovery by State or Contractor of a failure of the Developed Software to so conform (a “non-conformance”), State or Contractor, as applicable, will deliver to the other a statement and supporting documentation describing in reasonable detail the alleged nonconformance. If Contractor confirms that there is a non-conformance, then Contractor will use commercially reasonable efforts to correct such non-conformance. The methods and techniques for correcting non-conformances will be at the sole discretion of RIDOH. The foregoing warranty will not extend to any non-conformances caused (i) by any change or modification to software without Contractor’s prior written consent; or (ii) by state operating software otherwise than in accordance with the applicable documentation, for the purpose for which it was designed, or on hardware not recommended, supplied or approved in writing by Contractor. Furthermore, if, after undertaking commercially reasonable efforts to remedy a breach by Contractor of the foregoing warranty, Contractor, in the exercise of its reasonable business judgment, determines that any repair, adjustment, modification or replacement is not feasible, or in the event that the developed software subsequent to all repairs, adjustments, modifications and replacements continues to fail to meet the foregoing warranty, RIDOH will return the developed software to Contractor, and Contractor will credit to the State, in a manner and on a schedule agreed to by the parties and as RIDOH’s sole and exclusive remedy for such failure, an amount equal to the charges actually paid by RIDOH to the Contractor for the developed software that has failed to meet the foregoing warranty. Upon written request of RIDOH, the Contractor will use commercially reasonable efforts to correct an alleged non-conformance for which Contractor is not otherwise responsible hereunder because it is caused or contributed to by one of the factors listed above and, to the extent that such correction cannot be performed within the scope of the Contractor services, such correction will be paid for by RIDOH at the Contractor’s then current commercial billing rates for the technical and programming personnel and other materials utilized by the Contractor. Notwithstanding anything to the contrary in this Agreement, the Contractor will continue to own, and will be free to use, the development tools and the residual technology, so long as such use does not breach Contractor’s obligations of confidentiality set forth herein.
