

I have a question regarding **“RFP: Teen Outreach Program”**.

Should communities that have had the grant write this grant as the communities were applying for the first time?

Or will communities that have had the grant in the past be allowed to revise the scope of work?

Answer:

Both. If you have previously been awarded PREP funding to implement the Teen Outreach Program in your community, it will provide the foundation for a strong application. You may also use this opportunity to revise the scope of work, as long as it aligns to the scope of work described in the RFP.
