IMPORTANT INFORMATION

Licensed drug facilities and licensed practitioners with prescriptive privileges cannot dispense, possess, store or ship controlled substances in or into the State of Rhode Island without a valid drug facility or professional license, Rhode Island Controlled Substances Registration (CSR), and a federal Drug Enforcement Administration (DEA) Registration. Practitioners may only dispense, possess, and store controlled substances within their particular "scope of practice". "Controlled Substances", for purposes of this application, means a prescription drug in Schedules II through V, pursuant to the Rhode Island Uniform Controlled Substances Act, and 21 CFR 1300 of the Federal Code of Regulations. Schedule I drugs are used by researchers, and require the submission of a protocol.

Without a Rhode Island CSR and federal DEA Registration, licensed drug facilities and practitioners with prescriptive privileges may dispense or possess non=controlled prescription medications under its facility or professional license. A CSR will not be granted to an applicant whose BOARD licensure application is "pending" in this state.

A Rhode Island Controlled Substances Registration must be obtained prior to applying for the DEA Registration. Federal regulations require that applicants comply with individual state requirements prior to issuance of a DEA Registration. Once the CSR is issued, applicants must apply to the US Drug Enforcement Administration for a federal registration using that agency's DEA Form 224 (New application for Retail Pharmacy, Hospital/Clinic, Practitioner, Teaching Institution, or Mid-Level Practitioner). Applicants may apply online for the DEA Registration at the following web site:

www.deadiversion.usdoj.gov/drugreg/reg_apps/index.html

or by contacting the Drug Enforcement Administration at the following location:

Registration Unit
US Drug Enforcement Administration
JFK Federal Building
15 New Sudbury Street
Boston, MA 02203-0131
1-888-272-5174

Call the Drug Enforcement Administration to check on the status of a pending DEA Registration. ***A copy of the DEA Registration must be provided to the BOARD within 60 days of its issuance by the DEA.***

PLEASE NOTE: Prescriptions in Schedules III, IV, and V cannot be written for more than one hundred (100) dosage units. A "dosage unit" is defined as a single capsule, tablet or suppository, or not more than one (1) teaspoon or an oral liquid. Prescriptions in Schedule II may be written for up to a 30-day supply, with a maximum of two hundred fifty (250) dosage units, as determined by the prescriber's directions for us of the medication.

*** Rhode Island Prescription Monitoring Program - (RIPMP) ***

The RIPMP is a database that allows you to view patient's prescription history prior to your writing a prescription for them.

Once your RI Controlled Substances Registration is issued we will email a user id and temporary password to the email address that you provided on the CSR form. RI Law requires that all prescribers of controlled substances be registered with the RIPMP. It is important to make sure your email address is current with the Department.

It is the Department's expectation that you utilize this valuable tool that not only protects you as a prescriber but more importantly protects your patients.

Please visit our website for more information about the program and expectations.
