APPLICATION PROCESS OVERVIEW

The Rhode Island Department of Health (HEALTH), Office of Health Professions Regulation, and the Rhode Island Board of Pharmacy (BOARD) conduct the reinstatement process in the State of Rhode Island. The BOARD utilizes the National Association of Boards of Pharmacy (NABP) for administration of examinations for licenses that have been expired, revoked or suspended for three or more years, and the licensee cannot provide documentation as to “practicing pharmacy” in another state.

Application Process

In addition to the BOARD’s application, you must submit additional information to the BOARD. All items listed on the checklist (page 11) must be submitted for an application to be considered complete. All applications are considered valid for six months from the day they are received at HEALTH. A new application and fee will be required if you do not complete the reinstatement process within those six months.

Please allow a minimum of 7 weeks for the reinstatement process to be completed. If you have had disciplinary history in Rhode Island or another state, it may take an additional two or three months for all pertinent documentation to be received, and a decision to be made by the BOARD regarding the reinstatement. Only applications that are complete will be declared eligible for the NAPLEX and MPJE examinations, in those cases where they are required.

Licenses will be issued within five working days following the BOARD’s approval of the application for reinstatement. Wallet-sized licenses will be mailed approximately three weeks from the date of issuance, and are mailed to the address furnished in the application. It is the applicant’s responsibility to notify the BOARD office, in writing, if the address changes during the interim. An address change may be emailed to the BOARD at the following web site.

www.healthri.org/hsr/professions/pharmacy.htm

HEALTH will not, for any reason, accelerate processing of one applicant at the expense of other applicants. Once completed, the application will be reviewed, and you will be contacted in writing. Be advised you may be required to appear for an interview.

Note: You may not practice in Rhode Island until your license has been reinstated. The license will expire June 30th (regardless of the date it was reinstated), and a form will be mailed to renew the license for the period July 1st through June 30th.

Please continue to review the remaining portions of this application packet for instructions and other materials necessary to complete the BOARD application. If you have any questions about this application process, or would like to check on the status of your BOARD application, contact the BOARD office at (401) 222-2837.

Continuing Education

The BOARD requires completion of fifteen (15) hours, or 1.5 continuing education units, of continuing education courses sponsored by a recognized provider. Furthermore, five (5) hours, or 0.5 continuing education units of the required fifteen (15) hours of continuing education must be live hours.

A “**recognized provider**” is any person, group or organization approved by the BOARD as responsible or competent to provide continuing education courses and includes providers accredited by an appropriate national, regional or state accreditation agency. Any provider approved by the American Council on Pharmaceutical Education (ACPE), the board of pharmacy in another state or jurisdiction, or the provider of American Medical Association (AMA) Category I programs shall be considered recognized providers.

Any pharmacist whose license has not been renewed for one or more years, and is applying for reinstatement, must provide documentation of compliance with the continuing education regulations for the registration period immediately prior to application.

APPLICATION PROCESS OVERVIEW

(continued)

Examinations Requirement

R5-19-PHAR, Section 7.3.1, requires that:

“Any pharmacist license or registration that has lapsed, been revoked or suspended and the pharmacist has not practiced pharmacy, as defined by the Board, for three (3) years requires that he/she take and pass the same examinations required for initial licensure or registration.

Section 1.40 defines “practice of pharmacy” as:

“... the interpretation, evaluation and dispensing of prescription drug orders; participation in drug and device selection; drug regimen reviews, provision of patient counseling and the provision of those acts or services necessary to provide pharmaceutical care; and the responsibility for compounding and/or labeling of drugs and devices (except labeling by a manufacturer, repackager, or distributor of non-prescription drugs and commercially packaged legend drugs and devices).”

If the applicant has not been “practicing pharmacy” in another state, then the pharmacist would have to successfully pass the North American Pharmacy Licensure Examination (NAPLEX) and the Multistate Pharmacy Jurisprudence Examination (MPJE). The continuing education requirement shall not be required when the examinations are required.

The NAPLEX and MPJE are computer-adaptive examinations administered through the National Association of Boards of Pharmacy (NABP). The BOARD utilizes this agency for a licensee whose registration have been lapsed, revoked, or suspended for three or more years, and the pharmacist has not practiced pharmacy in another state during that period. A book of Rhode Island laws will be mailed upon receipt of the application for reinstatement.

If the applicant falls into this category, a NAPLEX/MPJE Registration Bulletin (BULLETIN) is enclosed with this application. The BULLETIN is not included for reinstatements that are less than three years. Contrary to the instructions in the BULLETIN, ***do not*** mail the NAPLEX/MPJE registration forms and fees to the BOARD. They are to be mailed directly to the NABP at the following address.

NABP Licensure Exam
700 Busse Highway
Park Ridge IL 60068

The NABP will electronically report the NAPLEX and MPJE scores to the BOARD. The BOARD will notify the applicant of the scores attained at the completion of the application process.

If the applicant has been “practicing pharmacy” in another state, then the following documentation would be required as part of the application process.

- Letter from employer indicating period of employment, and duties performed.
- License Verification(s) from the board(s) in which a license has been issued.

The letter from the employer must be attached to the BOARD application when it is submitted to the BOARD. In ***all*** cases of reinstatement, the licensee must send a license verification form to each board in which a license has been issued. This form is to be mailed directly to the Rhode Island Board of Pharmacy by the licensing authority.

You may obtain the telephone numbers of all U.S. licensing authorities at the National Association of Boards of Pharmacy web site.

www.nabp.net/howeare/boards.asp

Please, ***do not*** contact the Rhode Island Board for information on other licensing authorities.
