Pharmacist-in-Charge

The pharmacist-in-charge is a pharmacist licensed in this state that is designated by the owner as the person responsible for the operation of a pharmacy, and who is personally in full and actual charge of such pharmacy and personnel. The pharmacist-in-charge is responsible for meeting the requirements set forth by federal and state law, the Pharmacy Act, and other applicable regulations of the BOARD.

Physician ownership

The Board of Pharmacy shall refuse to grant any pharmacy license to any person who is a practitioner authorized to prescribe medications or to any partnership, corporation or other entity in which practitioners authorized to prescribe medications maintain a financial interest which, in the aggregate, exceeds ten percent (10%) of the total ownership of said entity or of the subject pharmacy or drug store. "Financial interest" means financial benefit gained by any practitioner with authority to prescribe drugs and includes such benefit derived by a spouse or dependent child. **Information regarding practitioner ownership and financial interest must be provided along with this application.**

On and after July 1, 1994, good and sufficient cause shall exist for the refusal to renew and/or for the revocation of any pharmacy license, if, after hearing, the Board of Pharmacy determines that:

i. Practitioners, spouse (if not estranged) or any dependent child or business associate of the person with authority to prescribe medications maintain a financial interest, which, in the aggregate, exceeds ten percent (10%) of the total ownership of the subject pharmacy, drug store or licensee; or

ii. More than forty percent (40%) of the prescriptions filled by the subject pharmacy or drug store within any three (3) month period beginning on or after July 1, 1994 were issued by practitioners with any ownership interest in a drug store or licensee.

- a. The pharmacist-in-charge of said pharmacy shall furnish and deliver to the Board, upon request, all dispensing reports, and any other required documents necessary to determine the percentage of prescriptions filled.

APPLICATION PROCESS OVERVIEW

The licensure process in the State of Rhode Island is conducted by the Rhode Island Department of Health (HEALTH), Office of Health Professions Regulation, and the Rhode Island Board of Pharmacy (BOARD).

Application Process

This application is to be used for a new retail pharmacy or to apply for a new license due to a change in ownership or location. Copies of the current continuing education credits for the pharmacist-in-charge must accompany this application. A pharmacy license will be issued to a person, owner, corporation, or other legal entity, hereinafter called the "Licensee". The license shall entitle the owner to operate such pharmacy at the location specified and shall not be transferred. The license shall be posted in a conspicuous place on the licensed premises. When there is a change in ownership, operation and/or location, the license immediately becomes void and shall be delivered by the licensee to the BOARD. It is the duty of the owner to immediately notify the BOARD of any proposed change of location or ownership, and to file the required application prior to the change.

"Change of ownership" means:

- a. In the case of a pharmacy, manufacturer or wholesaler which is a partnership which results in a new partner acquiring a controlling interest in the partnership;
- b. In the case of a pharmacy, manufacturer or wholesaler which is a sole proprietorship, the transfer of the title and property to another person;
- c. In the case of a pharmacy, manufacturer or wholesaler which is a corporation:
 - i. A sale, lease exchange, or other disposition of all, or substantially all of the property and assets of the corporation; or
 - ii. A merger of the corporation into another corporation; or
 - iii. The consolidation of two or more corporations, resulting in the creation of a new corporation; or
 - iv. In the case of a pharmacy, manufacturer or wholesaler which is a business corporation, any transfer of corporate stock which results in a new person acquiring a controlling interest in the corporation; or
 - v. In the case of a pharmacy, manufacturer or wholesaler which is a nonbusiness corporation, any change in membership which results in a new person acquiring a controlling vote in the corporation.

Renovating or remodeling an existing pharmacy is not considered a change of location. Written notification to the BOARD is required prior to the renovations or remodeling, stipulating the expected date of completion, and accompanied by the blueprints of the proposed changes.

All items listed on the "checklist" (page 11) must be submitted for an application to be considered complete. All applications are considered valid for six months from the day they are received at HEALTH. If you do not complete the application process and obtain a license within those six months, a new application and fee must be submitted.

A new pharmacy, or a relocation of an existing pharmacy, must be inspected prior to the issuance of a license. It is the applicant's responsibility to contact the BOARD to schedule an inspection. Please allow a minimum of four weeks for the entire licensure process to be completed. If the applicant has had criminal or disciplinary history in Rhode Island or another state, it may take an additional two or three months for all pertinent documentation to be received, and a decision to be made regarding the issuance of a license. This is an estimate of the amount of time that is required to become licensed. The entire process may take more or less time than estimated.

APPLICATION PROCESS OVERVIEW (continued)

Licenses will be issued within five working days following the Board's approval of the completed application. Wall permits are mailed approximately two weeks from the date of issuance, and are mailed to the address furnished in the application. It is the applicant's responsibility to notify the BOARD, in writing, if there are changes during the interim, or at any time after the license is issued. It is the responsibility of the licensee to notify the BOARD in writing when there is a change in the pharmacist-in-charge. **At no time can a pharmacy operate without a designated pharmacist-in-charge on file with the BOARD.**

HEALTH will not, for any reason, accelerate processing of one applicant at the expense of other applicants. Once completed, the application will be reviewed, and will be contacted by the BOARD if further information is required. Be advised, the applicant may be required to appear for an interview.

NOTE:

Licensure application materials are public records as mandated by Rhode Island law and may be made available to the public, unless otherwise prohibited by State or Federal Law.

The license will expire on September 30th (**regardless of the date issued**), and a form will be mailed to renew the pharmacy license for the period October 1st through September 30th. It is the licensee's responsibility to maintain an active license. If a renewal is not received, the licensee is to contact the BOARD to follow-up on the status of the renewal:

INSTRUCTIONS FOR COMPLETING THE BOARD APPLICATION

Read the following instructions and those throughout the application packet carefully before completing the Board application. **Only complete applications with the appropriate fee will be accepted.** Failure to submit all required information and appropriate documentation may result in processing delays. All of the information provided is subject to change.

General Instructions

1. Make a copy of the application and forms before you begin in case you make a mistake.
2. Type the information or print in blue or black ball-point pen. Board staff will not make assumptions about illegible information. Be sure to print the licensee's name in the box provided on the cover page.
3. Provide a response to each section or question; otherwise mark "N/A" for Not Applicable.
4. It is suggested that a copy of the completed application be made before submitting it to the Board.
5. It is the applicant's responsibility to check on the status of the application.

Completing your Board Application

1. Complete the **Board Application** pages (6-10). Respond to all components of the application as instructed. If you attach separate pages in continuation of the Board application, such pages **MUST** clearly indicate the section for which such information is being reported.
2. Make a check or money order (in U.S. Funds only) for the application fee of **\$220.00** (or **\$320.00** with CSR application) payable to **General Treasurer, State of Rhode Island** and staple it to the upper left-hand corner of the cover page of the application.

A Controlled Substances Registration (CSR) is mandatory for all new pharmacies that will dispense controlled substances. The fees are **NONREFUNDABLE**. A Drug Enforcement Administration (DEA) Registration is also required. **Contact the DEA at 617-557-2200 for the application**

http://www.dea diversion.usdoj.gov/drugreg/reg_apps/index.html

The RI CSR is contingent upon a DEA Registration being issued.

Complete all application materials as instructed and arrange them in order as they appear in the application checklist (see page 11). Do not submit applications without all applicable information, documentation and fee. Mail these components of the application to:

**Rhode Island Department of Health
