PROVIDE AFFIRMATION OF THE ELIGIBILITY CRITERIA BY INITIALING THE FOLLOWING ITEMS:

STATEMENT	AFFIRMATION (INITIALS)
I, the applicant, am a United States citizen or a naturalized citizen.	
I have no outstanding contractual obligation for health professional service to the federal government, a state, or other entity, that will not be completely satisfied before the Rhode Island HPLRP contract has been signed. I am aware that certain bonus clauses in employment contracts may impose a service obligation.	
I understand that I am eligible to participate in the RI HPLRP if I am in the Reserve component of the US Armed Forces or National Guard. If I participate in military training and/or service, in combination with other absences from the service site that exceed 35 work days per service year, the RI HPLRP service obligation will be extended to compensate for the break in full-time service.	
I acknowledge that a qualifying educational loan is any outstanding government (federal, state, or local) and commercial (i.e., private) student loan for undergraduate or graduate education obtained by me for school tuition, other reasonable educational expenses, and reasonable living expenses. The educational loans were obtained prior to the date of submission of the application to the loan repayment program. I understand that Parent Plus Loans, personal lines of credit, loans subject to cancellation, residency loans, credit card debts, and promissory notes are NOT qualifying loans.	
I agree to provide primary care services to any individual seeking care and will not discriminate on the basis of the patient's ability to pay for care or on the basis that payment for care will be made pursuant to Medicaid, the RIte Care Health Insurance Program, Medicare, and/or through the sliding-fee scale.	
I agree to provide permission to my employer to release information regarding my work hours, vacation time, and related information to the Rhode Island HPLRP.	
I do not have a judgment lien against my property for a debt to the United States.	
I do not have a significant history of failing to comply with, or inability to comply with, service or payment obligations (e.g. Health Education Assistance loans, nursing student loans, federal income tax liabilities, Federal Housing Authority loans).	
I have a valid contract for a two-year, full-time or a four-year, part-time commitment to provide services at a site that has been approved for funding.	
I will have a current and non-restricted license to practice in the State of Rhode Island, appropriate for the health profession discipline, by the start of the contract.

All of the information on this application is truthful and accurate. I understand that knowingly submitting false information will void this application and may be considered a breach of my Rhode Island (HPLRP) for Health Professionals contract.
