

**Expecting a child or are you
a parent with questions?**

We'll come to you - for free.

Rhode Island's Maternal and Child Home Visiting System

Home visitors can help you:

- Have a healthy pregnancy and baby
- Understand how your child plays, grows, and learns
- Find a doctor for you or your baby
- Make your home safe for your baby
- Get help with breastfeeding
- Connect with child care, food and nutrition, and child development services

Call your local First Connections provider to learn more.
