Tips for a safer Halloween
Follow these tips to celebrate Halloween safely this year and help lower the chances of catching and spreading COVID-19

Safer activities and trick-or-treating

- **Stay home and do not hand out candy if you have COVID-19 symptoms** or have been exposed to someone with COVID-19. Keep your lights off so people know not to come to your door.
- **Keep your group as small as possible.** Limit gatherings to no more than 15 people and stick with the same 15 people.
- **Use hand sanitizer** before and after choosing pumpkins or picking apples.
- **Take it outside.** When celebrating with others, do it outdoors.
- **Remember the three Ws!**
  - Wear a mask that's at least two layers thick and fits snugly but comfortably over your nose, mouth, and chin without any gaps.
  - Wash your hands often with soap and water for at least 20 seconds. Or carry and use hand sanitizer that's at least 60% alcohol.
  - Watch your distance by staying at least six feet apart from others.
- **Trick-or-treating tips**
  - Leave individually wrapped goodie bags lined up at least six feet from your door for kids to grab and go. Do not hand out candy from a bowl.
  - Go trick-or-treating with your children to make sure they do it safely.

Safe Halloween-themed activities

- Take part in an online pumpkin carving or costume contest.
- Display Halloween-themed decorations in your home or yard.
- Organize a neighborhood contest for outdoor Halloween-themed decorations.
- Plan a Halloween scavenger hunt for the members of your household.
- Decorate your own Halloween or fall-themed face masks.
- Prepare a Halloween-themed meal or bake Halloween treats for your household.

Safe Halloween costume masks

- **A Halloween costume mask alone will not protect you and others from COVID-19.**
- Wearing a costume mask over a protective face covering can be dangerous if the costume mask makes it hard to breathe.
- The safest option is to wear face paints and a Halloween-themed protective face covering.
