Face coverings help prevent illnesses like COVID-19 from spreading to others while speaking, coughing, or sneezing.

Your face covering can be a scarf, bandana, or a homemade mask.

It should cover your mouth AND your nose.

FACE COVERINGS OR MASKS SHOULD NOT BE WORN BY:
- Anyone whose health would be harmed from wearing a face covering.
- Infants, babies, or children under 2 years old.

As of April 14, 2020: Customers and employees must wear face coverings, per Rhode Island Governor Gina Raimondo's Executive Order 20-24.
