

Healthcare Quality Reporting Program

Nursing Home Summary Report

The Rhode Island Department of Health publishes information about nursing homes. If you know that you or a family member will need nursing home care, this information can help you compare nursing homes and choose among them. You may also want to visit nursing homes and to ask friends and family members for their thoughts and experiences.

This report summarizes information from the Department of Health (www.health.ri.gov/nursinghomes/about/quality) and Medicare (<https://www.medicare.gov/care-compare>). Reports with more information are available at those websites. This report is updated every time there is new information for one of the columns on the report. The date in the bottom left-hand corner of this report tells you when this report was last updated. If this report is more than 30 days old, more current information may be available at the previously mentioned websites. You can learn more about what is in this report, including definitions and time periods for each column of information, by reading the Methods Report (<http://www.health.ri.gov/publications/qualityreports/nursinghomes/SummaryMethods.pdf>).

More information about choosing a nursing home:

When possible, it can be helpful to ask questions about what you can expect during your nursing home stay. This can help you to understand the care you will receive, what it will be like to stay at a nursing home and how much services might cost. Below are some suggested questions that will help you to be prepared for your nursing home stay:

Questions to ask your doctor or nurse:

- (Primary care provider) Are there any facilities where you, or someone from your practice, care for patients?
- (Hospital care provider) Does this hospital have preferred nursing home care providers?
- What kind of care should I expect to receive while I am at the nursing home?
- How long should I expect to be at the nursing home?

Questions to ask prospective nursing homes:

- How long has the current leadership, including Director of Nursing and Administrator, been in this role? If less than a year, how long was the previous leadership in the role?
- How often will you speak with my doctor about my care?
- Will you work with my doctor and/or my pharmacy regarding my medication?
- Do you take my insurance/are you in my network?

Questions to ask your insurance provider:

- What facilities are in my network?
- What types of care are covered by my plan?
- How much care is covered by my plan?
- What costs will not be covered by my plan?
- If my condition changes, will my coverage change?

Questions to ask friends and family:

- Have you or a loved one spent time in nursing home before? If so, how was your experience?
- Have you ever visited a nursing home, either as a friend or as a perspective resident that you would recommend?
- Will you be able to visit me if I choose a nursing in [location]?

Healthcare Quality Reporting Program Nursing Home Summary Report

The Rhode Island Department of Health publishes information about nursing homes. If you know that you or a family member will need nursing home care, this information can help you compare nursing homes and choose among them. You may also want to visit nursing homes and to ask friends and family members for their thoughts and experiences.

This report summarizes information from the Department of Health (www.health.ri.gov/nursinghomes/about/quality) and Medicare (<https://www.medicare.gov/care-compare>). Reports with more information are available at those websites.

This report is updated every time there is new information for one of the columns below. You can learn more about what is in this report, including definitions and time periods for each column of information, by reading the Methods Report. Please contact nursing homes directly with questions, to inquire about private insurance, to check on bed availability or to schedule a tour.
