

# NALOXONE Available for Over-the-Counter (OTC) Purchase

**QUESTIONS?**  
Contact your healthcare provider or pharmacist.

Naloxone (also known as Narcan®) is a safe medicine that can reverse an opioid overdose - such as an overdose caused by fentanyl or heroin. In addition to being available through community-based organizations and pharmacies, naloxone is now available for over-the-counter purchase.

## THREE WAYS TO GET NALOXONE:

### COMMUNITY ACCESS

FREE

Intranasal spray and/or vial for injection

No identifiable patient information on product packaging.

Visit [PreventOverdoseRI.org/get-naloxone](https://PreventOverdoseRI.org/get-naloxone) to order directly and receive from US mail or find information on home delivery and walk-in services from:

- Recovery community centers
- Harm reduction organizations
- Harm reduction vending machines

### PHARMACIES

COVERED BY MOST HEALTH INSURANCE

Co-pays may vary. Medicaid co-pay is \$0.

Intranasal spray and/or vial for injection

Product includes a label with the patient's name.

Can receive at a local pharmacy with or without a prescription.

Often available through home delivery and drive-through pharmacies.

### OVER THE COUNTER

RETAIL PRICE IS EXPECTED TO BE \$40 to \$50

Intranasal spray

No identifiable patient information on product packaging.

Beginning in fall 2023, anyone can purchase naloxone over the counter at pharmacies and other retailers both in store and online.
